*Scientific Evidences  
in Scripture*

# So Many Evidences!

- “The heavens are telling of the glory of God; And their expanse is declaring the work of His hands. Day to day pours forth speech, And night to night reveals knowledge. There is no speech, nor are there words; Their voice is not heard. Their line has gone out through all the earth, And their utterances to the end of the world.”

Psalm 19:1-4

- Lev. 17:11
- “For the life of the flesh is in the blood, and I have given it to you on the altar to make atonement for your souls; for it is the blood by reason of the life that makes atonement.”

# Many Races — One Origin

- Acts 17:26
- “and He made from **one man** *every nation of mankind* to live on all the face of the earth...”

Darwin wrote to W. Graham on July 3, 1881

“The more civilized so-called Caucasian races have beaten the Turkish hollow in the struggle for existence. Looking to the world at no very distant date, what an endless number of the lower races will have been eliminated by the high civilized races throughout the world.”

# Many Races — One Origin

- Acts 17:26
- “and He made from **one man** *every nation of mankind* to live on all the face of the earth...”

## G. W. Bromily in ISBE

“The unity of the race has several important implications in theology and ethics. It means equality before God. It means corporate as well as individual responsibility. It makes nonsense of Cain’s suggestion that he is not his brother’s keeper.... It is also the basis of God’s saving work in Jesus Christ. Because the race is a unity, the one can act for all.”

- Valid scientific theories should make it possible for us to make predictions — and see indicators.

- **And the flood of Gen. 6-9!**

# Indicators of a Global Flood

- ✓ Fossils of sea life on mountain tops
  - ✓ Massive graves of plant and animal life
  - ✓ Fossils protruding through multiple layers
  - ✓ Layered silt deposition
  - ✓ Evidence of quick fossilization
  - ✓ Trapped water forming canyons
- 
- A dramatic scene of a massive flood with a large log floating in the water. The water is turbulent and dark, with white foam from the waves. The background shows a dark, stormy sky with some light breaking through the clouds. The overall mood is one of chaos and destruction.

One day before  
the eruption.

**September 10, 1980**

“You’d expect a hardrock canyon to be thousands, even hundreds of thousands of years old,’ says Peter Frenzen, a US Forestry scientist, ‘but this was cut in less than a decade.’”

National Geographic, May 2000

# Answering Objections to the Genesis Account of Creation

- Bible does not give an exact age for the earth.
- God created things with maturity.
- Doubts about dating methods.
- Consider the impact of Noah's flood.
- Dealing with dinosaurs.

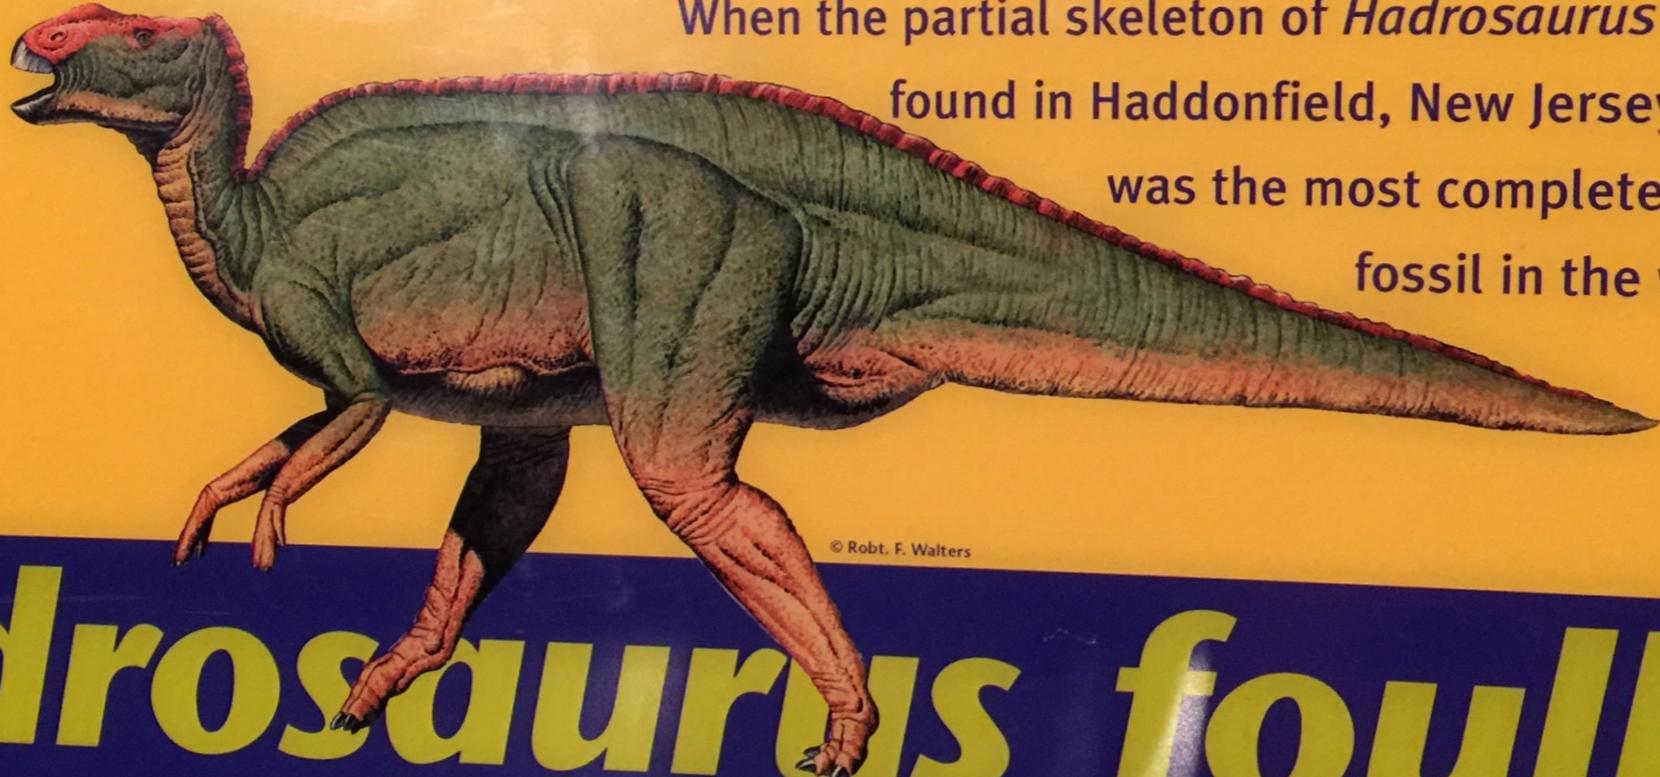

- Obviously existed — *NOT God's test on us!*
- Created in the beginning
- Most died in the flood? — *massive graves*
- Atmospheric changes...?
- Overlapped humans?
